

PCI Payment Security Lite

Confused about PCI Compliance and SAQ?

Get through your ABCs easily!

A Is your bank asking you for your PCI status?

What is PCI-DSS Compliance?

What is a Self-Assessment Questionnaire (SAQ)?

Confused about the terminology?

Shouldn't it all be as easy as ABC?

B How 7Safe can help you

With our 45 minute programme we will guide you through the requirements from your bank.

We will help you complete your SAQ, assist you with its requirements and with remediation if you require further support.

With multiple SAQs to fit different businesses, these can be time consuming and difficult to understand. Our PCI consultants will help you identify the appropriate SAQ for your business.

C The ABC process
